

Update

Monday, 03 August 2015 19:39

Well, we looked at the problem preventing me from uploading pictures and it turns out the blog needs a major upgrade. Sadly that's going to take us a little longer to get done but in the mean time I'll be uploading to [my Flickr stream](#) and I've recently started using Instagram (you can find me as inapeanutshell). I'm looking forward to getting back to this space when it's working properly again. I've got projects and adventures to share and single photo uploads on Flickr and Instagram just don't work quite the same way.

See you soon.
